# GOOD SERVICE

Our Superior Equipment and Splendid Organization is Admitted

**I**N ADDITION to good service we offer you the advice of trained men at the head of each department whose ideas about printing, binding, and kindred trades have been gathered during years of service in the business.

Without this intimate knowledge of our customers' needs it would be impossible to keep up this immense establishment. If you have been overlooking this service hadn't you better stop and think about it.

It costs you no more to do business with us than with other houses in the country, quality and service taken into consideration.

No job too large for our plant, none too small to receive our careful thought and prompt attention.
